

## Growatt Übersicht über die Speicherkompatibilität (Stand 08.2023)

| Wechselrichter | Anschluss | Art | Speicher |
|----------------|-----------|-----|----------|
|----------------|-----------|-----|----------|

### Hybridgerät

|                                                                                                                                                    |          |    |                        |
|----------------------------------------------------------------------------------------------------------------------------------------------------|----------|----|------------------------|
| MIN 2500 - 4600TL-XH<br>(Backup-fähig mit Backup-box SYN 50-XH-1<br>Generatoranschluss optional)<br>(Backup-fähig mit Backup-Box TL-XH Backup Box) | 1-phasig | HV | ARK XH (5.12-17.9 kWh) |
|----------------------------------------------------------------------------------------------------------------------------------------------------|----------|----|------------------------|

|                                              |          |    |                        |
|----------------------------------------------|----------|----|------------------------|
| MOD 3 - 10KTL3-XH<br>(keine Backup-Funktion) | 3-phasig | HV | ARK XH (7.68-25.6 kWh) |
|----------------------------------------------|----------|----|------------------------|

|                                                |          |    |                   |
|------------------------------------------------|----------|----|-------------------|
| MID 11 - 30 KTL3-XH<br>(keine Backup-Funktion) | 3-phasig | HV | APX HV (5-60 kWh) |
|------------------------------------------------|----------|----|-------------------|

|                                                                                        |          |    |                   |
|----------------------------------------------------------------------------------------|----------|----|-------------------|
| MOD 3 - 10KTL3-XH (BP) (XH2 bei Akkusys)<br>(Backup-fähig mit Backup-box SYN 50-XH-30) | 3-phasig | HV | APX HV (5-30 kWh) |
|----------------------------------------------------------------------------------------|----------|----|-------------------|

|                                             |          |    |                    |
|---------------------------------------------|----------|----|--------------------|
| SPH3000-6000<br>(Backup-Funktion mit ATS-S) | 1-phasig | LV | GBLI6532<br>ARK LV |
|---------------------------------------------|----------|----|--------------------|

|                                                      |          |              |                    |
|------------------------------------------------------|----------|--------------|--------------------|
| SPH3000-6000TL BL-UP<br>(Backup inkl., UPS Funktion) | 1-phasig | LV<br><br>LV | GBLI6532<br>ARK LV |
|------------------------------------------------------|----------|--------------|--------------------|

|                                                       |          |    |        |
|-------------------------------------------------------|----------|----|--------|
| SPH4000-10000TL3 BH-UP<br>Backup inkl., UPS Funktion) | 3-phasig | HV | ARK HV |
|-------------------------------------------------------|----------|----|--------|

### Batteriewechselrichter

|                                                                                              |          |    |                       |
|----------------------------------------------------------------------------------------------|----------|----|-----------------------|
| MIN2500-4600TL-XA<br>(Backup-Fähig mit Backup-box SYN 50-XH-1<br>Generatoranschluss optinal) | 1-phasig | HV | ARK XH (5.12-17.9kWh) |
|----------------------------------------------------------------------------------------------|----------|----|-----------------------|

|                                                 |          |    |        |
|-------------------------------------------------|----------|----|--------|
| SPA4000-10000TL3 BH<br>(Backup-fähig mit ATS-T) | 3-phasig | HV | ARK HV |
|-------------------------------------------------|----------|----|--------|

|                                                        |          |    |        |
|--------------------------------------------------------|----------|----|--------|
| SPA4000-10000TL3 BH-UP<br>(Backup inkl., UPS Funktion) | 3-phasig | HV | ARK HV |
|--------------------------------------------------------|----------|----|--------|
